Mayor Orcutt stated this coincides with the city's 2025 roads program exhibit d in the budget. The total for Sylvia Drive is reconstruction from Michael to Mercer Drives - \$1,216,359.50. The Fry Road reconstruction from Birchcroft Drive to Holland Road - \$778,158.15. Mr. Piatak is running late from another meeting.

Mr. Troyer asked will this be as wide as Sylvia Drive, north of Holland Road, is?

Mayor Orcutt responded think that was six-inches (6) on each side, will get that information.

Mr. Mencini stated absolutely in support but think the project is on the high-end but concrete is expensive currently. Both these areas are dilapidated and are heavily traveled secondary roadways.

Mayor Orcutt responded Sylvia Drive has been done in stages with full-depth concrete; this project will end Sylvia Drive easterly from Michael to Mercer Drives. When picked back up the city should continue with Sylvia Drive west of Fry Road; through Kennedy Memorial to Engle Road. The area of Fry Road from Birchcroft Drive to Holland Road it is the city's intent to put to original form. From Birchcroft Drive to Sheldon Road is currently asphalt and should be a full-depth for the future.

Mr. Troyer stated Fry Road, by the tanks, constantly been a noise and nuisance problem.

Motion by Mr. Dufour, supported by Mr. Mencini, to place on the February 4th Council agenda.
