# Smoke Alarms Save Lives!

Working smoke alarms can cut the risk of death from home fires in half.

That's why the American Red Cross is partnering with fire departments and other partners to install FREE smoke alarms in your community.

**To request a smoke alarm, scan the QR code below and fill out the form**

You can also call 216-361-5535 to request a smoke alarm installation. Leave a message and clearly state your first and last name, full address and phone number. We will follow-up as quickly as we can, based on availability.

*Please note the Red Cross does not provide carbon monoxide (CO) detectors.*
