

Sportsplay is a unique program that targets social, physical and cognitive development through dynamic play. Through fun games and positive reinforcement, children will experience the joy of being active. Children build their confidence by practicing the fundamentals of a new sport each week while focusing on gross motor skills. Lessons are age based and are all taught in a non-competitive framework that emphasizes playful achievement. Each class includes a warm-up, new skills, physical games and activities, and a cool down. Sports will include t-ball, soccer, volleyball, basketball, golf, flag football and more.

**SESSION DATES: 4/3,4/10,4/17,4/24**

A collection of three sports balls: a yellow basketball, a black and white soccer ball, and a yellow volleyball.
